1. Scholarship Framework

The Scholarship Guidelines describe fictional financial assistance programs available to eligible students at Northbridge Institute of Technology. Scholarships are intended to support academic participation and may be awarded according to academic, financial, or participation criteria.

Scholarship awards are subject to available funding, eligibility rules, application deadlines, and renewal conditions. Receiving a scholarship does not automatically remove every university fee.

2. Scholarship Categories

Scholarship	Primary Basis	Annual Award (NCU)	Typical Availability
Academic Excellence	Academic performance	30,000	Limited
Progress Award	Improved academic performance	18,000	Limited
Participation Award	Approved institutional participation	12,000	Limited
Need Support Award	Documented financial need	24,000	Limited
Access Support Award	Approved access-related criteria	20,000	Limited

A student may be considered for more than one category, but award combination rules may limit the total assistance.

3. Academic Excellence Scholarship

The Academic Excellence Scholarship recognizes strong academic achievement. For the synthetic standard, applicants should have completed the required academic load and achieved a minimum grade point average.

Criterion	Minimum Requirement
Completed credits in prior assessment period	At least 20 credits
Grade point average	At least 8.5 / 10
Attendance	At least 80% unless an approved exception applies
Academic misconduct finding	No unresolved finding
Application	Submitted within published period

The award is reviewed annually and does not guarantee renewal. The student's academic record is checked against the renewal criteria.

4. Progress Award

The Progress Award is intended for students who demonstrate meaningful academic improvement.

Measure	Illustrative Requirement
Previous GPA	Below 7.0
Current GPA	At least 7.5
Improvement	At least 0.8 GPA points
Attendance	At least 75%
Required documents	Academic record and application statement

The Progress Award is not intended to replace the Academic Excellence Scholarship when a student independently satisfies the higher academic criteria.

5. Need Support Award

The Need Support Award considers documented financial circumstances together with academic participation. Applicants may be asked to provide financial documents through the designated confidential process.

- Submit the application within the published period.
- Provide the requested supporting documentation.
- Maintain the academic and attendance conditions stated in the award notice.
- Notify the scholarship service if a material circumstance changes.

Financial documents should contain only information required for assessment and should be submitted through the approved secure channel.

6. Application Process

- 1 Review the scholarship categories and eligibility criteria.
- 2 Select the appropriate application category.
- 3 Complete the application form.
- 4 Attach required supporting documents.
- 5 Submit before the published deadline.
- 6 Respond to clarification requests if required.
- 7 Review the award decision and any conditions.

Scholarship Category	Core Documents
Academic Excellence	Academic record; application form
Progress Award	Academic records for relevant periods; application statement
Need Support	Academic record; financial-support documents; application form
Participation Award	Participation evidence; application form
Access Support	Eligibility/support documentation; application form

7. Renewal Requirements

Scholarship renewal requires the student to continue meeting the applicable conditions. Renewal is assessed at the designated review point.

Condition	Academic Excellence	Need Support
Minimum GPA	8.5	7.0
Minimum Attendance	80%	75%
Required credit completion	20 credits	18 credits
Unresolved academic misconduct	Not permitted	Not permitted
Application / confirmation	Required	Required

Different scholarship categories may have additional renewal conditions.

8. Scholarship Amount and Fee Interaction

Scholarship amounts are expressed in NCU. Unless an award notice states otherwise, the award is applied according to the approved financial process rather than treated as unrestricted cash.

Award	Annual Amount (NCU)	Illustrative Application
Academic Excellence	30,000	Eligible tuition-related charges
Progress Award	18,000	Eligible tuition-related charges
Participation Award	12,000	Eligible academic charges
Need Support Award	24,000	Eligible tuition or approved support charges
Access Support Award	20,000	Eligible approved charges

For example, a scholarship may reduce an eligible tuition balance but does not automatically eliminate separately listed examination, housing, or administrative charges in the Fee Structure.

9. Disqualification and Suspension

An award may be suspended or withdrawn when a student no longer meets required conditions or when material information supplied during application is found to be inaccurate.

- Failure to meet renewal criteria.
- Withdrawal from the program.
- Unresolved academic misconduct finding.
- Material misrepresentation in an application.
- Failure to provide required renewal documentation.

10. Appeal and Review

A student who believes a scholarship decision was made using incorrect information may request a review within the stated review period. The request should identify the decision, explain the issue, and provide relevant supporting evidence.

11. Related Documents

Academic performance and attendance information referenced by scholarships is governed by the Academic Regulations. General conduct expectations are described in the Student Handbook. The Fee Structure explains tuition, examination, accommodation, and other charges that may remain payable even when scholarship assistance is awarded.
